

BROWN UNIVERSITY HERALD

VOL. III. No. 10.

PROVIDENCE, R. I., SATURDAY, SEPTEMBER 30, 1893.

PRICE THREE CENTS.

YESTERDAY'S FOOT BALL.

Continued Improvement.

It is with pleasure that the HERALD has noted from time to time the increasing proficiency of candidates for this year's Foot Ball Team. Each day's practice has been a marked improvement upon that of the preceding day, a true sign of healthy growth. It was but sixteen days ago that the team began practice and already Captain Hopkins deems the team ready for a game. This is certainly a sign of hard conscientious work on the part of all connected in any way with the team, and, as a whole the student body are highly pleased with Brown's Foot Ball prospects for this Fall.

Yesterday's practice showed much of the snap and vigor so essential to true Foot Ball and again the goodly crowd of spectators were reminded of the efficient effort of 'coach' Odlin and Captain Hopkins.

Before "lineing up" considerable time was consumed in "punting" and "drop kicking" after which the first and second elevens "lined up" as follows:

Colby r. c.	Foster r. e.
Nott r. t.	Jones r. t.
Smith r. g.	Lancey r. g.
Coombs c.	Parker c.
Hastings l. g.	Murdock l. g.
Aldrich l. t.	Wheeler l. t.
Dennison l. e.	Chace l. e.
Donovan q. b.	Shedd q. b.
Hopkins } h. b's	Farnum } h. b's
Casey } h. b's	Watson } h. b's
Robinson full	McCarthy full

The "kick off" was tried yesterday for the first time and neither side seemed to be able to make any gains thereby. Due to Millard's lame foot Casey was tried at right half and, considering the fact that he has never played the position before and further that he has not been feeling well for a few days, he showed up very well. Robinson at full showed better wind than heretofore this season and is gradually getting back to his old time form. For some reason, perhaps his sore hand, Aldrich seemed unable to hold Jones who, by the way, is making a good showing at tackle and stands a good chance for the 'Varsity. Instructor Parker, as centre for the second eleven, showed the proper spirit, as he always does, and gave Coombs some good practice. Especial mention should also be made with reference to Shedd's work at quarter who made some very pretty "tackles" and "blocked" with great energy.

The man who has improved the most known is Smith. His work has not only improved in the line but he is breaking

through, tackling, and carrying the ball. Lancy also made a good showing against Hastings and will undoubtedly make substitute guard. McCarty shows up well in punting and breaking the line while Donovan's work at quarter is good. The second eleven showed up much better than heretofore and with proper care will make some of the first eleven work hard to hold their positions.

Base Ball Practice.

The baseball practice for this fall will consist of general field work. Adelaide Park has been secured for practice, and it is earnestly desired by the management that all candidates that are not in football will be on hand, Monday October 2.

A barge will leave the middle campus daily at 4.05 p. m. All candidates who haven't suits will be furnished with them on application at 40 U. H.

Candidates must be on time, 4.05, as the team will not wait for them. In order to do this, they must attend recitations in uniform.

All candidates now engaged in football must make their intentions of trying for the baseball team known to Captain Steere as soon as possible.

Men who do not make their intention known this fall will not be considered as candidates later.

The Cross Country Run.

At 4.50 yesterday afternoon ten men came out of the gymnasium and under the leadership of Brownell started on the first run of the fall. The course was to the Hope street to reservoir and back and was made in three stages up and two back. An easy jog was taken and all returned anxious to start again early in the week.

It has been arranged to hold runs twice a week and the men will meet Monday at four in the office of the gymnasium. The pace is slow and no scratching is allowed. These runs offer a pleasant and agreeable form of exercise, not severe at first but gradually increasing as the men become accustomed to it.

Grand Rally at the Stewart Street Baptist Church to-morrow at 10.45, the pastor Rev. Edwin Bromley, will preach, Subject: "The Road to Highest Honor." At 12.15 session of the Sunday School, past and present members, special exercises. Sacred Concert at 7.30 led by The Temple Chorus. Sermon: "Drops of Honey." Welcome to all.

Laboratory at Wood's Holl.

D. L. Sharp '95, has an interesting article in Science for Sept. 8, on the Marine Biological Laboratory at Wood's Holl, Mass.

He traces the growth of the sixth summer session which closed in August, 1893. At the start in 1888 there was one building of two rooms and seventeen students. Last summer there were three connected buildings, library, lecture rooms and laboratories and an enrollment of one hundred and twelve students. The secret of the growth is found in an ideal foundation, good location and officers of a high grade of excellence. Students from all over the world come here. It is by no means a local institution. The work done at Wood's Holl is divided into two branches, that of teaching and that of research. It is readily seen who would take these courses, and those who do take them go back to their teaching or study with far better and larger ideas than they had before of the meaning of zoology, botany and kindred sciences.

Mr. Sharp describes the work done by students during the summer, giving in detail the facts as to the equipment and surroundings of the institution. The students are justly proud of the splendid advance that has been made. The director, Dr. C. O. Whitman says that all has been done that can be done without funds. The needs are large, and if they are supplied, the largest of results will follow.

Tennis Tournament.

The tennis association are desirous of commencing a tennis tournament. In order to do this and send representatives to the New Haven meet, subscriptions of fifty cents each are called for. This is for the entrance fee and to defray the delegates' expenses.

A meeting of the tennis association will be held in 5 U. H. at 1 o'clock to-day. General business will be transacted and the delegates elected.

It is earnestly hoped that all will respond to this call.

Subscriptions will be received at the HERALD office or by the committee.

Per order committee
 PROF. DAVIS,
 HENRY COOPER,
 MALCOM CHACE.

If there are any Freshmen in college who can or even have sung tenor, they are strongly urged to apply at once to one of the following committee.

G. M. CHAMBERLAIN,
 W. P. HINCKLEY,
 G. L. PARKER. fs

COLLEGE CALENDAR.

Saturday, September 30, Cabinet meeting of the Y. M. C. A. at Prof. Clarke's, number 147 Chestnut street, at eight p. m.

At the talk to the foot ball eleven Thursday night Mr. Odlin gave instructions as to their diet and stated that a training table would soon be established for them. Mr. Odlin also told how each position should be played and the men copied down his statements. Last night each man was required, when called upon, to explain the movements, not only of his own position, but even of every man on the team. These talks by the coach are very interesting, not only to the players but to those who are interested in football in any way.

Unitarian Churches

These Churches hold services as follows: All students are cordially invited and will be provided with seats.

First Congregational Church, (Unitarian) Benefit and Benevolent Sts., Rev. Augustus M. Lord, pastor. Public worship followed by communion service 10.45 a. m. Notice of Vesper service later.

Westminster Unitarian Church, Mathewson St., Rev. Herbert Mott, pastor. Morning service, 10.45. Vesper service with special music, Oct. 1st, 15th, 29th and at 7.30.

Olney Street, Congregational Church, (Unitarian) services 10.45 followed by the communion. Rev. William F. Furman, pastor.

Fourth Unitarian Society, cor. Potters Ave. & Ocean St. Sunday services at 7.30 p. m. Preaching by the pastor, Rev. W. H. Spencer, subject: "The Relation of Christianity and Civilization."

Bell Street Chapel, services 3 p. m. Rev. Anna Garlin Spencer, pastor, will preach on "The Personnel of the World's Religious Congress."

Crustaceans from Fayal.

The Jenks Zoological Museum of Brown University has just received from Hon. Lewis Dexter of Providence, now consul at Fayal, Azores, a valuable addition to its collections of crustacean specimens.

The gift comes from a quarter of the globe formerly unrepresented in this museum, and embraces an exceptionally fine collection of starfishes, which, with the other varieties of crustacea accompanying them, will fill a place in the Jenks collection not heretofore occupied.

The specimens will number from 200 to 300.

BROWN DAILY HERALD.

PUBLISHED DAILY, SUNDAYS EXCEPTED,
AT BROWN UNIVERSITY DURING THE COLLEGE YEAR.

SUBSCRIPTION PRICE, \$2.50 PER YEAR IN
ADVANCE; OTHERWISE, \$3.00.

Subscriptions, advertisements and all communica-
tions of a business nature should be addressed to the
Business Manager.

All members of the University are invited to con-
tribute to the columns of the HERALD, but the editors
will not hold themselves responsible for the opinions
announced therein.

Communications should be accompanied by the full
name and address of the writer.

BUSINESS OFFICE, 38 UNIVERSITY HALL.

EDITOR-IN-CHIEF: E. F. GAMWELL.
MANAGING EDITOR: W. H. KIMBALL.
BUSINESS MANAGER: W. C. HUNTOON.

G. H. EISWALD, A. L. ENO,
S. T. PACKARD, W. C. WYCKOFF.

PROVIDENCE, R. I., SEPTEMBER 30, 1893.

Entered at the Providence Post-Office as
Second Class Matter.

CASEY BROTHERS, PRINTERS, PROVIDENCE.

The subscription price of the HERALD
for 1893-'94 will be as usual \$2.50 in
advance, or \$3.00 if paid otherwise.

New arrangements have been effected
with the Post Office, the mail subscribers
will receive the HERALD regularly and
promptly.

TENNIS matters will demand special at-
tention just now. The intercollegiate
tournament opens at New Haven next
Tuesday, October 3, and will continue for
several days. This tournament always at-
tracts much attention and there can be no
diminution of it this year. Those who
will represent the various colleges at New
Haven are, many of them, players of
national repute, and the contest will be one
of the highest order of skill. It is pleas-
ing to Brown men to know that we shall
be represented by those who can give the
brown and white a leading place in the
lists. A fine record for Brown is to be
expected this fall.

CAREFUL attention should be given to
the announcement for anthropometric
measurements which will now be taken at
the Lyman Gymnasium by Instructor
Parker. It will be for the interest of the
entering class, for whom measurements
are required, and will greatly facilitate the
work at the gymnasium, if a very prompt
response be made to this announcement.
Members of the Senior, Junior and Soph-
omore classes are not required to be
measured, but these will readily be given
charts and prescription cards on applica-
tion. We do not doubt that a good

many upperclassmen will want to be
measured to see what physical improve-
ment they have made. This will cer-
tainly be of interest to them, and it will be
interesting to the students at large to know
what can be accomplished by a course of
good systematic physical culture.

CABINET meetings of the Y. M. C. A.
have come to be an important factor in
the direction of religious work at college.
The holding of these meetings is cer-
tainly to be encouraged. The confer-
ence of the chairman of the numerous
committees on matters that concern Y.
M. C. A. interests very deeply, always re-
sults in the best manner. The work to
be done in a college year is continuous
and made up of many different features,
and this fact makes it quite necessary that
those who have charge of the Y. M. C.
A. should confer occasionally upon the
regular work to be done and upon the
new demands that will inevitably press
themselves for consideration. Professor
Clarke, whose genuine interest in the Y.
M. C. A. is an inspiration to so many,
has kindly invited the cabinet to meet at
his residence this evening. There should
be a good attendance.

"The main interest in the tactics of
football in the coming season centres
about the Deland tricks, in which Har-
vard supporters place such trust. Of
these, the now celebrated flying wedge is
the only one that is generally understood.
In the tackle wedge, and the one or two
nameless tricks that were publicly at-
tempted last fall, the players were so
closely bunched that it was impossible to
make out their working exactly. The use
of the tricks was sparing, moreover, be-
cause, though they had succeeded repeat-
edly when tried by the Harvard team
against its second eleven, and even in
some cases when tried by the second
against the first eleven, it was feared that
they could not be safely worked against
Yale. This year their reputation is es-
tablished. Mr. Deland is known to have
tabulated over sixty plays, each with its
counterplay; and he has already spent
much time in teaching them to the Har-
vard eleven, so that the present season
will doubtless prove as dramatic in its
surprises as the past."—*Outing for Octo-
ber.*

BROWN NEWS.

Mr. S. A. Hopkins, '93, leaves for
Chicago to-day with the governor's party.

H. St. J. Filmer, '93, was at college
Thursday and Friday of this week.

John L. Casey, of the class of '93, is
teaching in an academy at Greenwich, Ct.

H. A. Dyer, '94, of the HERALD staff,
left for the World's Fair yesterday with
the Rhode Island party. Rhode Island
day occurs October 9.

Indigestion

Horsford's Acid Phosphate

Is the most effective and agree-
able remedy in existence for
preventing indigestion, and re-
lieving those diseases arising from
a disordered stomach.

Dr. W. W. Gardner, Springfield,
Mass., says: "I value it as an excellent
preventive of indigestion, and a pleas-
ant acidulated drink when properly di-
luted with water and sweetened."

COLLEGE NOTES.

Ottawa University opened last Wednesday with an enrollment of 200.

The University of the South is considering the advisability of establishing a school of journalism.

Two Chinese women have taken the examination for admission to the medical department of the University of Michigan.

A physical examination is required at the Univ. of Penn. for students training for athletic teams.

New York Tribune: The absolutely necessary expenses of a girl who attends the leading women's colleges are said to be: Byrn Mawr, \$475; Vassar, \$400; Smith, \$350; Wellesly, \$350; Women's College of Baltimore, \$300; Mount Holyoke, \$200.

The class of '93 at Cornell University left, as a memorial, three cups to be competed for by the interscholastic league in football, base ball and track athletics.

It is said that there are only four teachers in the United States who receive \$10,000 salary; three college presidents and the principal of the Lawrenceville, New Jersey, Preparatory School.

At Tufts College a scientific and manual training school for students of both sexes will be established by a provision in the will of the late H. B. Pearson.

Notices.
