BOWLING.

Brown Men Will Meet Edgewood This Evening.

The eighth week of the Inter-club Bowling League saw some slight improvement in scores, and more even work on the part of all the teams. Elmwood No. 1 suffered its first defeat of the season, being beaten by its closest rival, P. A. A. No. 1. As it was, the P. A. A. team nearly lost the game by poor rolling on the last string. Elmwood No. 2 won its first game, defeating Brown. The Elmwood team had been changed a little, and the improvement was sufficient to make it possible to defeat Brown. Wellman did the best bowling for Brown, with a total of 498, and Smith of Elmwood just reached the 500 mark. West Side No. 1 defeated Edgewood, rolling the best total of the week, 2385.

As the teams stand now, Elmwood leads, both in games won and in pin totals; P. A. A. No. 1 holds second place; West Side, No. 1 and 2, and P. A. A. No. 2 are tied for third, while Brown and P. A. A. No. 3 are tied for fifth place. Elmwood No. 2 still hold undisputed claim to last place.

There is considerable discussion in the league about the comparatively small scores rolled, and among other things attributed as possible causes is the lack of life noted in the pins. It is claimed that the pins furnished by the league are made of unseasoned wood, and hence that a certain degree springiness has been lost, without which large scores are impossible. No definite remedy has been proposed.

To-night Brown meets Edgewood, on the Edgewood alleys. Brown holds a position one point above Edgewood. Defeat to-night means a tie with Edgewood, and victory a position a little higher up.

The two-men tournament is progressing rapidly. The games are being rolled off regularly, and the scores made are fairly satisfactory.

Hammer and Tongs.

Men who wish to try for female parts in the Hammer and Tongs farce for 1898 are requested to meet in the Music Room of the Gymnasium, Wednesday afternoon, Feb. 9, at 2:30 p. m. Preparatory trials may be held

in order to obtain some idea of the talent in college for such parts, and all men in college are eligible.

B. A. A. Meet.

Manager Hicks of the track athletic team, announces that the team will leave Providence on Saturday, at 3 p. m. They will go immediately to the Copley Square Hotel, where supper will be served at 6. The games will begin at 7:30, the first call for the 40-yard dash being given at 7:15 sharp. The team will probably leave for Providence at 12:03 a. m., arriving at 1:18.

Biblical Research Club.

The next regular monthly meeting of the Biblical Research Club will be held Tuesday evening, Feb. 8, at the home of Professor Kent, 163 Bowen street. The subject, "The Life and Religions of the Ancient Phoenicians," will be discussed in papers presented by members of the club.

Consolidation Practically Assured.

Plans for the consolidation of the Brunonian and the Magazine at the close of the present academic year are now nearing maturity. The matter has been discussed at length by the members of the Editorial boards of the two publications, and despite a natural conservatism and pride manifest on each side, it is practically certain that consolidation will be effected. What the basis of organization will be remains in doubt. The Brunonian favors a weekly publication and the Magazine prefers a monthly, and while the editors of the Brunonian are disposed to compromise on a fortnightly; the Magazine editors do not believe that such a periodical would be best under the circumstances. Both claim to have the literary interests of the college in mind, and each has maintained in the past that it more truly than the other represents the ideal college literary paper. Their ideals have been different, as a glance at the publications will show.

Another difficulty is the choice of a name for the new paper. The Brunonian is the oldest paper in the college, and to many alumni it is the best-known of the college publications. The names may be consolidated, and the new paper will then be known as the "Brunonian and Brown Magazine.

THE FRANKLIN PRESS, 63 WASHINGTON ST

THE HERALD has before called attention to the desirability of a considerable number of men attending the Boston Athletic Association's indoor meet, Saturday night. Brown will have a hard race with Dartmouth, and everything that can help to bring victory to our own college should be done. It is to be hoped that every man who can will arrange to go to Boston Saturday evening.

* * * *

THE pride which every man takes in college affairs should lead to careful and thorough work in the gymnasium in order that the demonstration next month may be made as complete and as successful as possible. Brown is in the van, so far as physical training goes, and for that reason its work upon that occasion will be watched with critical eyes. It follows, then, that the finest possible preparation should be made for it. If a word of special advice may be added, it is that if the men will learn the changes in the various movements the rest can easily be acquired. An extra hour in the gymnasium, and the changes can easily be learned.

* * * *

THE Sophomore ball is to be given in Sayles Hall on Monday evening next. While the arrangements for it are under the direction of the class, it is in reality a college affair and should be supported as such. It is sure to be one of the leading events of the college year, as it always has

been in the past, and without doubt there will be present many from among the students. Their attendance and that of the city folk should leave nothing more to be desired, so far as numbers are concerned. The committee in charge, it can safely be said, have attended to everything else which will help to make the ball a successful one.

The Yale crew candidates are now under the supervision of a new physical director, although their veteran coach, Mr. Cook, will still retain the general direction of the oarsmen. After training hours the men will be in charge of John A. Doughan, a physical trainer of considerable ability, acquired by several years experience with the football men. It is not at all improbable that Yale may meet the University of Wisconsin crew at New Haven in the near future.
